PRESIDENT'S LETTER by Pam Meyers

Hello to all the Ferguson Florissant AAUW members. "There comes a time when Autumn asks, "What have you been doing all Summer?" The year 2021 has been a busy year for all of us and summer, too, from keeping up with the health reports with COVID, our Voting Rights, and being able to visit with our family and friends once more.

Our AAUW Board members have been busy this summer planning the program and searching for speakers for the Fall and Spring meetings of 2022.

AAUW.org released their press report that AAUW awards an unprecedented \$5 million in Fellowships and Grants for the 2021-2022 academic year. AAUW is one of the world's leading funders of graduate women's education. Since 1888, it has provided more than \$115 million in fellowships, grants, and awards to 13,000 women from 150 countries.

So, yes, autumn, it is time to refocus and energize again for another wonderful year of supporting women and girls through research, education, and advocacy.

DIVERSITY/PUBLIC POLICY by Lisa Taylor

Data Data Data!

One of the Public Policy Priorities for AAUW is the collection of data to be used to support the civil rights of data collection. Ever since 1968 the Department of Education has administered Civil Rights of Collection, which collects data on key educational and civil rights issues in our nation's public schools. The CRDC has been improved to show stats on pervasiveness of sex discrimination, including sexual harassment and violence in our schools. AAUW strongly supports and appreciates that the CRDC includes the importance of school-specific gender equity that is extremely helpful to advocates, parents, students, educators and Title IX coordinators at schools nationwide.

I hope you find this article informational as it addresses the collection of data, how it is used and the importance of why it is needed. It will show how public policy and diversity continue to go hand in hand! The AAUW website can provide additional information on this topic as well.
